PUBLICATION DATE: 1st November 2010.

TROPICS

TROPICS is issued quarterly with one volume per year. The journal publishes papers in all aspects of ecology and/or other fields of science related to ecology. It is open to the results of original research, experimental or descriptive, and to significant reviews of aspects of the ecology of tropical regions. It aims not only to act as a valued means of communication between Japanese ecologists and other field scientists, but also to stimulate the research activities of ecologists and scientists of tropical regions. All members of the society can contribute to **TROPICS**, and invited articles may be accepted at the request of the Editorial and Advisory Board. Special issues of monographs or reviews may be published on occasion by decision of the editorial board.

Editor-in-Chief: Misa Masuda (Tsukuba Univ.)

Vice Editor-in-Chief: Takuro Shinano (NARCH) Ryuichi Tabuchi (JIRCAS)

Editorial Board

Instruction to authors

TROPICS is published by Japan Society of Tropical Ecology as an international journal. Manuscript should be sent to the editor-in-chief. When a paper is submitted to **TROPICS**, it is assumed that the work has not been published elsewhere and that the paper is not being simultaneously submitted to another journal. **TROPICS** accepts full papers (scientific papers), short papers (scientific papers with fewer than 4 pages when printed), field notes, selected papers from symposium, reviews and monograph are also available. A contribution will be critically reviewed by two reviewers regarding the suitability of the manuscript for publication in **TROPICS**. The Editorial Committee reserves the right to make the final decision on the acceptance or rejection of the manuscript.

1. Make your manuscript using Microsoft Word (Windows version). Manuscript should be written in double-spaced throughout, and with a wide margin (more than 2 cm). Send your manuscript by attached file to Editorial committee. Tables and figures are expected to be sent as one pdf file. If you are not affordable to prepare pdf files, send an original and one hard copy of them by mail. We are able to accept up to 3 MB file.
2. Do not include your table, figure, and photo in the text. Prepare them separately in a page. Please make a complete figure and photo.
3. English abstract is required.
4. A cover page is required which includes the name of the corresponding author including address, telephone number, facsimile number, and e-mail address, a title, a running title, keywords, numbers of text pages, tables, figures and photos, and the date of submission.
5. Following acceptance, a copy of the manuscript (text, tables, figures and photos if affordable) must be submitted on disk.
6. Fifty reprints will be supplied by actual expense 5,000 yen (JPY). The author will be charged for additional reprint orders at 5,000 yen (JPY) per 50 reprints.
7. Authors are charged additionally for color pages with photos and figures. The rate is 10,000 yen (JPY) per page.
8. Literature citation should indicate the author and year (Primack, 1999; Primack and Ashton, 1999; Primack et al. 1999) in chronological order in the text and listed in alphabetical order in the reference list as follows:
 - a. For periodicals
Primack, R.B. & Hall, P. 1991. Species diversity research in Borean forests with implications for conservation biology and silviculture. *Tropics* 1: 91-111.
 - b. For books
Whitmore, T.C. 1984. *Tropical Rain Forest of the Far East*. 2nd ed. Clarendon Press, Oxford, 352pp.
 - c. For edited books
Denslow, J.S. 1985. Disturbance-mediated coexistence of species. In: *Natural Disturbance and Patch Dynamics* (eds. Pickett, S.T.A. & White, P.S.), pp. 307-323. Academic Press, INC. California.
9. Accepted manuscript is charged the amount equivalent to the annual membership fee if the first author does not subscribe to **TROPICS**.

Submission: Manuscripts and correspondence concerning editorial matters should be addressed to the Editorial Office.

Editorial Office of the Japan Society of Tropical Ecology

Dr. Misa Masuda (Editor-in-Chief of **TROPICS**)

Copyright Ownership

The copyright of the articles and other documents published by the Society and disclosed on the Society's website belong to the Society.

Permission for the Use of Copyrighted Materials by Third Parties

The use of copyrighted material requires the permission of the Society. The Society has the right to authorize third parties to use such materials; as a result of this authorization, any payment from third parties will be transferred to the account of the Society. Author(s) have the right to use their article(s) on their own website or a website belonging to another society, so long as it is indicated that the article's copyright is owned by The Japan Society of Tropical Ecology (JASTE). A publication fee, equal to the Society's annual membership fee, per article, will be charged upon acceptance of a publication if the first author of the manuscript is not a member of JASTE.

Extent of Copyright

Copyright means all the rights defined by the Copyright Law of Japan (Revised on 21st December 2004), including article 21 (right of reproduction), article 22 (right of showing and playing), article 23 (right of public transmission), article 24 (right of orality), article 25 (right of exhibition), article 26 (right of distribution), article 26-2 (dominion), article 26-3 (right of lending), article 27 (right of translation), and article 28 (right of original author to secondary use of copyrighted works) of the copyright law.
