TROPICS

熱帯研究

Published by
the Japan Society
of Tropical Ecology

The TROPICS is issued quarterly with one volume a year. It is open either to the results of original research, experimental or descriptive, or significant reviews of various aspects of tropical regions. The journal publishes papers in all aspects of ecology and/or other fields of science related to ecology. It aims not only to act as a valued means of communication between Japanese ecologists and other field scientists but also to stimulate the research activities of young ecologists/scientists of tropical nations especially in Southeast Asia. All the members of the society can contribute to TROPICS, and invited articles may be accepted at the request of editorial board. Special issues may be published on occasion by permission of editorial board, as monographs or reviews exceed approximately 100 pages in length.

Editor-in-Chief: Mitsuru HOTTA (Department of Biology, Faculty of Science, Kagoshima University)

Editorial Board

Takuya ABE (Kyoto University)	Yusho ARUGA (Tokyo University of Fisheries)
Akio FURUKAWA (National Institute for Environmental Studies)	Toshitaka IWAMOTO (Miyazaki University)
Takashi KOHYAMA (Hokkaido University)	Naoki KOYAMA (Kyoto University)
Narifumi MAEDA (Kyoto University)	Misa MASUDA (Tsukuba University)
David W. ROUBIK (Smithsonian Tropical Research Institute)	Katsutoshi SAKURAI (Kochi University)
Yo-Ichiro SATO (Shizuoka University)	Eizi SUZUKI* (Kagoshima University)
Isamu YAMADA (Kyoto University)	Takuo YAMAKURA (Osaka City University)
Seiki YAMANE (Kagoshima University)	Tsuyoshi YONEDA* (Osaka Kyoiku University)

* secretaries of editorial board

Instructions to authors Two copies of manuscript, preferably in English (or Japanese), to be sent to the editors, typewritten on one side of paper, double-spaced, and with a wide margin. Underlinings to indicate letter types should be left to the editors. In addition to type-script copies, authors using word processing equipments are requested to submit a diskette or floppy disk with their text file. Preference is files in Microsoft Word for Macintosh, on double-sided 3.5 inch (DD, HD) diskettes. For texts processed on MS-DOS computers (preferably in MS-Word or Word Perfect), please submit double-sided (DD or HD) 3.5 inch floppy disks with the text saved as ASCII file.

The editors may ask the opinion of one or two reviewers before accepting or refusing the manuscript that has been submitted.

Summary. Each paper should be provided with a summary.

Citation of literature. In the text as follows: (Primack, 1991) or Ashton (1991). In the 'References' as follows:

Primack, R. B. & Hall P. 1991. Species diversity research in Bornean forests with implications for conservation biology and silviculture. *Tropics* 1: 91-111.

Jacobs, M. 1974. Botanical panorama of the Malesian archipelago. In UNESCO, *Natural Resources of Humid Tropical Asia*, 263-294. Paris.

Illustrations should be professionally drawn and lettered, or laser printed on smooth white paper. Photographs and color slides are also acceptable, but the author(s) will be charged for printing them in color.

Reprints. For articles with one author 50 copies free.

Manuscripts and correspondence concerning editorial matters should be addressed to **Editorial Office of the Japan Society of Tropical Ecology**, c/o Department of Earth and Environmental Sciences, Faculty of Science, Kagoshima University, Korimoto 1-21-35, Kagoshima 890-0065, Japan. International Symposium

Mangrove Habitat Dynamics and Sea-level Change in Relation to the Global Environmental Change

Edited by Toyohiko MIYAGI

CONTENTS

- International symposium on mangrove habitat dynamics and sea-level change in relation to the global environmental change. T. MIYAGI . 153
- The importance of further research and international cooperation on mangrove ecosystems. S. BABA 155
- Response of mangrove shorelines to sea-level change. C. D. WOODROFFE 159
- Mangrove habitat dynamics and sea-level change-- A scenario and GIS mapping of the changing process of the delta and estuary type mangrove habitat in Southwestern Thailand - . T. MIYAGI, C. TANAVUD, P. PRAMOJANEE, K. FUJIMOTO & Y. MOCHIDA. 179
- Mangrove forests supported by peaty habitats on several islands in the Western Pacific. T. KIKUCHI, Y. MOCHIDA, T. MIYAGI, K. FUJIMOTO & S. TSUDA 197
- A phytosociological study of the mangrove vegetation in the Malay Peninsula. Y. MOCHIDA, K. FUJIMOTO, T. MIYAGI, S. ISHIHARA, T. MUROFUSHI, T. KIKUCHI & P. PRAMOJANEE. 207
- A preliminary study of resprouting ability of some mangrove species after cutting. S. TSUDA & M. AJIMA. 221
- The influence of undergrowing *Acanthus ilicifolius* on mangrove seedling establishment. M. AJIMA & S. TSUDA. 225
- The human impact on mangrove forests in Southern Thailand - Findings from field survey in Changwat Satun and Krabi - . K. AJIKI. 233
- Mangrove habitat dynamics and Holocene sea-level changes in the southwestern coast of Thailand. K. FUJIMOTO, T. MIYAGI, T. MUROFUSHI, Y. MOCHIDA, M. UMITSU, H. ADACHI & P. PRAMOJANEE. 239
- Sediment accretion of a tropical estuarine mangrove: Kemaman, Terengganu, Malaysia. Shahbudin SAAD, Mohd. Lokman HUSAIN & T. ASANO. 257
- Sedimentological characteristics of surficial sediments in the Kuala Kemaman Mangroves, Terengganu, Malaysia. Mohd. Lokman HUSAIN, T. MIYAGI, Y. MOCHIDA, K. FUJIMOTO, T. MUROFUSHI, Shahbudin SAAD & K. K. YAAKOB. 267
- Mangrove forest dynamics in relation to sediment input at the mouth of Sematan River, Sarawak, Malaysia. T. MUROFUSHI, F. C. Y. CIEW, Y. HJ. WAT, T. MIYAGI, Y. MOCHIDA, K. FUJIMOTO & S. ISHIHARA . . 275
- Subaqueous sedimentary processes around the mangrove habitats in Khlong Thom and Satun Areas, South Thailand. S. TSUKAWAKI, I. ASANO & T. KAMIYA 291
- Late Holocene mangrove habitat and evolution of coastal lowlands in Southern Thailand. M. UMITSU, P. PRAMOJANEE, A. OHIRA & K. KAWASE. 317
