TROPICS

熱 帯 研 究

The **TROPICS** is issued quarterly with one volume a year. It is open either to the results of original research, experimental or descriptive, or significant reviews of various aspects of tropical regions. The journal publishes papers in all aspects of ecology and/or other fields of science related to ecology. It aims not only to act as a valued means of communication between Japanese ecologists and other field scientists but also to stimulate the research activities of young ecologists/scientists of tropical nations especially in Southeast Asia. All the members of the society can contribute to **TROPICS**, and invited articles may be accepted at the request of editorial board. Special issues may be published on occasion by permission of editorial board, as monographs or reviews exceed approximately 100 pages in length.

Editor-in-Chief: **Mitsuru OSAKI** (Graduate School of Agriculture, Hokkaido University)

[Former Mitsuru HOTTA, Kagoshima University]

Instructions to authors Two copies of manuscript, preferably in English (or Japanese), to be sent to the editors, typewritten on one side of paper, double-spaced, and with a wide margin. Underlinings to indicate letter types should be left to the editors. In addition to type-script copies, authors using word processing equipments are requested to submit a diskette, floppy disk or MO disk with their text file. The text saved as ASCII file.

The editors may ask the opinion of one or two reviewers before accepting or refusing the manuscript that has been submitted.

Summary. Each paper should be provided with a summary.

Citation of literature. In the text as follows: (Primack, 1991) or Ashton (1991). In the 'References' as follows:

Primack, R. B. & Hall P. 1991. Species diversity research in Bornean forests with implications for conservation biology and silviculture. *Tropics* 1: 91-111.

Jacobs, M. 1974. Botanical panorama of the Malesian archipelago. In UNESCO, *Natural Resources of Humid Tropical Asia*, 263-294. Paris.

Illustrations should be professionally drawn and lettered, or laser printed on smooth white paper. Photographs and color slides are also acceptable, but the author(s) will be charged for printing them in color.

Reprints. For articles with one author 50 copies free.

Manuscripts and correspondence concerning editorial matters should be addressed to new **Editorial Office of the Japan Society of Tropical Ecology**, % Dr. M. Osaki, Graduate School of Agriculture, Hokkaido University, Sapporo 060-0810, Japan. Phone & Fax 011-706-4170; E-mail mosaki@chem.agr.hokudai.ac.jp

General Office of the Japan Society of Tropical Ecology addressed to % Dr. T. Iwakuma, Graduate School of Environmental Earth Science, Hokkaido University Sapporo 060-0810, Japan. Phone 011-706-2240, -2245, -2243; Fax 011-706-4864, E-mail jasteadm@agr.hokudai.ac.jp

Instructions to authors

One original and two high-quality copies of each manuscript, preferably in English (or Japanese), should be sent to the editor-in-chief. Manuscripts should be typewritten on one side of the paper only, double-spaced throughout, and with a wide margin (more than 2 cm). Original photographs should be provided with each copy. When a paper is submitted to **TROPICS**, it is assumed that the work has not been published elsewhere and that the paper is not being submitted simultaneously to another journal. **TROPICS** accepts full papers (scientific papers), short papers (scientific papers with fewer than 4 pages when printed), field notes, selected papers from symposiums (a fee is applicable), reviews, and monographs.

Following acceptance, a copy of the manuscript must be submitted on disk. We accept files from Windows or Macintosh. Major software is acceptable, and the author should specify the type of computer system, the word processor used, and the name of the software package. Submission is preferred on CD, but 3.5-inch floppy disks and MO disks are also acceptable.

A contribution will be critically reviewed by two reviewers regarding the suitability of the manuscript for publication in **TROPICS**. The Editorial Committee reserves the right to make the final decision on the acceptance or rejection of the manuscript.

A cover page is required which includes a title, a running title, a list of authors names, institutes, and addresses, and the name of the corresponding author including telephone number, facsimile number, and e-mail address.

Abstract: Each paper should be provided with an abstract in English and Japanese. In the case of non-Japanese authors, the Editorial Committee will prepare the Japanese abstract.

Key words: Several key words are required.

Citation of literature: In the text as follows: (Primack, 1991) or Ashton (1991). In the references as follows:

Primack, R. B. & Hall P. 1991. Species diversity research in Bornean forests with implications for conservation biology and silviculture.

Tropics 1: 91-111.

Jacobs, M. 1974. Botanical panorama of the Malesian archipelago. In UNESCO, Natural Resources of Humid Tropical Asia, 263-294.

Paris.

Illustrations: Illustrations should be professionally drawn and lettered, or laser printed on smooth white paper. Photographs and color slides are also acceptable, but the author(s) will be charged for printing them in color.

Reprints: Fifty reprints will be supplied by actual expense. The author will be charged for additional reprint orders, at 5,000 yen (JPY) per 50 reprints.

Submission: Manuscripts and correspondence concerning editorial matters should be addressed to the Editorial Office.

Editorial Office of the Japan Society of Tropical Ecology

Dr. Mitsuru Osaki (Editor-in-Chief of TROPICS)

Graduate School of Agriculture, Hokkaido University,

Kita-9, Nishi-9, Kitaku, Sapporo 060-8589, JAPAN

Phone & Fax. 81-11-706-4170, E-mail: mosaki@chem.agr.hokudai.ac.jp, or takuro@chem.agr.hokudai.ac.jp

Upon receipt of the manuscript, the author(s) will be informed of the date of receipt and the registration number of the manuscript. The registration number should be quoted in all correspondence thereafter.
