TROPICS

熱帯研究

Published by
The Japan Society
of Tropical Ecology

The TROPICS is issued quarterly with one volume a year. It is open either to the results of original research, experimental or descriptive, or significant reviews of various aspects of tropical regions. The journal publishes papers in all aspects of ecology and/or other fields of science related to ecology. It aims not only to act as a valued means of communication between Japanese ecologists and other field scientists but also to stimulate the research activities of young ecologists/scientists of tropical nations especially in Southeast Asia. All the members of the society can contribute to TROPICS, and invited articles may be accepted at the request of editorial board. Special issues may be published on occasion by permission of editorial board, as monographs or reviews exceed approximately 100 pages in length.

Instructions to authors Copy of manuscript, preferably in English (or Japanese), to be sent to the editors, typewritten on one side of paper, double-spaced, and with a wide margin. Underlinings to indicate letter types should be left to the editors. In addition to type-script copies, authors using word processing equipments are requested to submit a diskette or floppy disk with their text file. Preference is files in Microsoft Word for Macintosh, on double-sided 3.5 inch (DD, DS) diskettes. For texts processed on MS-DOS computers (preferably in Word Star or Word Perfect), please submit double-sided (DD, DS or HD) 3.5 inch floppy disks with the text saved as ASCII file.

The editors may ask the opinion of one or two reviewers before accepting or refusing the manuscript that has been submitted.

Summary. Each paper should be provided with a summary.

Citation of literature. In the text as follows: (Primack, 1991) or Ashton (1991). In the 'References' as follows:

Primack, R. B. & Hall P. 1991. Species diversity research in Bornean forests with implications for conservation biology and silviculture. *Tropics* 1: 91-111.

Jacobs, M. 1974. Botanical panorama of the Malesian archipelago. In UNESCO, *Natural Resources of Humid Tropical Asia*, 263-294. Paris.

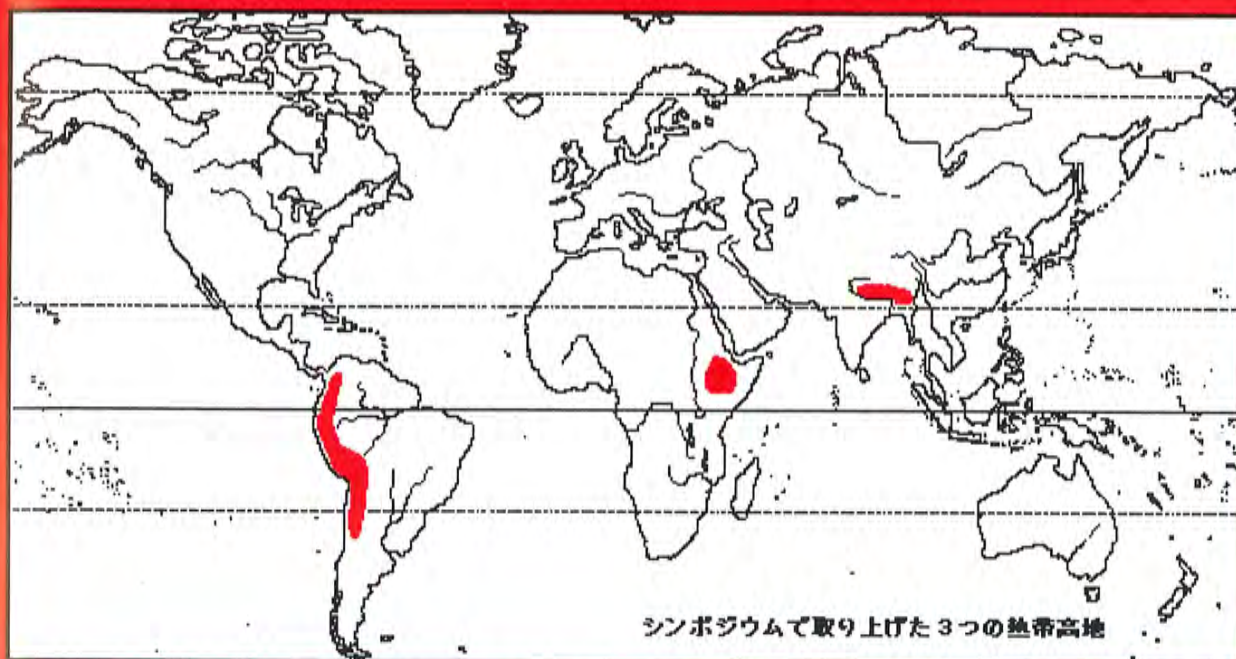

Drawings in India ink, preferably not on transparent or tracing-paper, and photographs on glossy paper (white and black) or slides (color). Please indicate the place where figures should be inserted in the text. Magnification should be indicated by a scale line. In other cases the author should give the magnification as in the original.

Reprints. For articles with one author 50 copies free.
